Swimming

Congratulations are extended this week to all the EJ swimmers who will compete this Friday at the Valley Pool. The City District trials will help select Regional teams for 2015. Go EJ!

Our team will be accompanied by Mr Summers and Mrs Hoskins.
Young Leaders’ Workshop

Last Tuesday and Friday our School Captains for 2015 participated, as part of the City Cluster of Schools, in a Young Leaders’ Workshop at Kelvin Grove State College.

Our School Captains have been assigned two senior mentors from the Queensland Academy of Creative Industries. Mila and Sam will work with our School Captains this year.

Student leadership at EJ is something we are very proud of. It builds skills and knowledge, it builds resilience and strong student teams and gives our students many avenues to “have a voice”.

We are all excited about the year ahead.

Josephine Bottrell (Principal)

From the Deputy Principals

When talking to our students about learning behaviours we start with “choose your attitude”. The impact of a positive attitude towards learning and to yourself as a learner cannot be underestimated. The relatively new school of positive psychology seeks to help us to understand the benefits of focussing on what’s right in our world or what can improve our overall levels of contentment and quality of life.

You Can Do It! program supports this learning and our well being agenda at Eagle Junction. It focuses on 5 positive key behaviours, and talks about how developing the skills of organisation, persistence, getting along, confidence and resilience can help everyone at school to become the most competent learner they can be. A positive attitude to the school day, to learning, to problem solving is a great start.

What does a positive attitude look like, sound like, feel like?

In the Middle Years (Years 3-6) students are developing the skills of recognizing their attitude to something in particular, understanding that it is within their power to reframe the situation in a positive or problem solving way, choose a positive attitude to it and then to do this independently or with minimal help from a parent on teacher. Students need lots of scaffolding to learn these skills. Teachers help students to develop positive attitudes to learning and to themselves as learners, seeking to continuously improve, set achievable goals, and keep trying.

At home you can try:

Talking out loud when you reframe situations that are affecting you and the steps you take to move forward in a positive way. Helping students to recognize the impact their attitude can have on others. Try to avoid “the blame game” where everything is always someone else’s fault. Noticing when they are making the effort to reframe their thinking (even if they don’t always succeed).
In the Junior School choosing a positive attitude is supported in the first instance by the expectations that students see themselves as capable, competent learners. Teachers reinforce this regularly using individual student success to grow a ‘can do’ culture in the learning environment. As our younger students become more self aware teachers and parents are able to use challenging situations as coaching opportunities to help students recognize the power of optimism and also problem solving. Praising students for choosing to be solutions focused and believing in themselves is the foundation to encouraging a positive attitude to life and learning.

At home you can try –
- Praising children when they persevere with challenging tasks.
- Articulating their individual strengths.
- Helping children to see the learning that comes out of difficult situations.
- Praising positive attitudes and thoughts.

The Chess Club is on the Move

Due to the increasing popularity of the Eagle Junction State School chess club, lessons will now be held in the ‘Community of Learners’ located on the top floor of D block.

Mr Harmon will ensure that all children are accounted for especially for this first week.

**High Impact Teaching**

In line with the EJ Improvement Agenda in 2015, our main area of focus this year is the consistent implementation of our Pedagogical Framework – *Teaching and Learning the EJ Way*, incorporating the reflective use of High Impact Teaching.

Before teaching a unit of work, teachers use the EJ planning process to ensure they understand the curriculum intent and assessment.

(*The single most important factor influencing learning is what the learner already knows – Ausabel.*)

To promote student learning, our teachers aim to address and build upon students’ prior knowledge.

Some of the ways our teachers activate students’ prior knowledge includes; telling a story, asking focused questions, sharing pictures / illustrations, using a graphic organiser, using think, pair, share strategies and implementing quiz.

**Reading**

This year, we continue our focus on improving student achievement in reading. Word decoding strategies help students to decode, pronounce and understand words. Some strategies to assist students to decode words include:

<table>
<thead>
<tr>
<th>Strategy</th>
<th>Prompt</th>
</tr>
</thead>
<tbody>
<tr>
<td>Using picture cues</td>
<td>Look at the picture</td>
</tr>
<tr>
<td></td>
<td>What is in the picture that might make sense?</td>
</tr>
<tr>
<td>Chunking</td>
<td>Look for known letter chunks e.g at, ing, ack</td>
</tr>
<tr>
<td>Use prior knowledge</td>
<td>Think about what you know about the subject</td>
</tr>
<tr>
<td></td>
<td>What would make sense in the sentence?</td>
</tr>
</tbody>
</table>

Parents can assist students when reading at home by using the *Pause, Prompt, Praise* strategy, this simple, yet effective strategy helps students to decode words they get stuck on.

*Pause* – give students time to decode a word they get stuck on
*Prompt* – give students a simple prompt or clue
*Praise* – praise your child’s reading efforts – be specific.

Sports Report

PE Swimming Lessons
Lessons for all Years 1-6 students has commenced with Prep students beginning in Week Four. Thank you to everyone who has volunteered their time so far to help with supervision. Just a reminder that all students need to wear a clearly labelled swimming cap and swim shirt when in the water.

Lunch Time Swim Clubs
A select group of students have been invited to participate in a variety of swim clubs to be held during lunch times. If your child has been selected to participate then it is very important that students arrive on time to make the most of this opportunity.

Representative Swimming
Good luck to students who have been invited to represent the school at the City District Swimming Carnival to be held at Valley Pool on Friday 13th February. Please make sure that you have made your payment to the school. If a student missed out on making the Eagle Junction team it may be due to the qualifying standards set by City District to compete at this event.

Cross Country
Students in Years 3-6 who are looking for cross country practice - there will be sessions held on the school oval from approximately 7:45am – 8:20am on a Tuesday and Thursday morning. All students who are wishing to participate must wait on the seats next to the oval until the teacher in charge (Mrs Vander Velde) has arrived.

Here is a suggested training program for students wishing to do extra practice at home. This thirty minute training session should be attempted three times during the week.
- 5min warm up / stretching
- 20min continuous movement
- 5min warm down / stretching

City District Trials
I have been asking students in Years 5-6 for expressions of interest to participate in City District Selection trials. A vast number of students have expressed their interest in trialling for representative teams over a number of sports and it is great to see so much interest and enthusiasm towards these trials. Unfortunately as a school we are restricted by the number of nominations we can send through.

When choosing students to go on to the next level the following will be taken into consideration:
- Current playing background,
- Previous experience,
- Participation in school teams,
- Trials held at school where necessary.

I would like to thank students for their interest in participating in representative trials. If students aren’t selected to represent EJ at selection trials please don’t let that discourage your child as there will always be more opportunities in the future.

**Science in 1S**

Year 1S has hit the ground running in an exciting, new school year.

This week we have been exploring the school environment and learning about Living Things.

We identified the needs of plants and animals, discussed healthy and unhealthy environments as well as labelling the features of plants on our scientific sketches.

We intend to continue our active learning by dabbling in a bit of gardening and growing our own plants from seeds in our classroom. The children have enjoyed all the hands-on learning and they are looking forward to finding out about: “a lot of stuff” - number facts, reading books, meeting and playing with new friends, plants, sharks, the universe and space.

So it looks like we have an interesting year before us!!!

**New Menu Item**

We have changed our pizza to a delicious Italian style. All made with fresh ingredients and supplied to us from an Italian cafe. They have been very popular! All our fruit and vegetables are supplied to us by Clayfield Markets.

**Volunteers**

We are still in desperate need of more volunteers to fill our roster. At present on some days I have no volunteers at all. The Nest depends on volunteers to run smoothly, in fact, to run at all! It’s a great opportunity to meet other parents while helping out and it’s a lot of fun not to mention the thrill your child gets. What a great first week with Munch Monitor. Thank you to everyone who has registered and ordered through the on-line system. We have received such positive feedback from families that have used the new system. If you experience any difficulties, contact Munch Monitor on 1300 796 190.

An exciting week ahead for the Prep Students as they begin ordering from the Tuckshop.

**Volunteers**

We are still in desperate need of more volunteers to fill our roster. At present on some days I have no volunteers at all. The Nest depends on volunteers to run smoothly, in fact, to run at all! It’s a great opportunity to meet other parents while helping out and it’s a lot of fun not to mention the thrill your child gets. Why not sign up with a friend? It’s only once every five weeks. Please consider donating your time in this simple way.

If you are interested in helping please call by the Nest or phone 3637 1113.
A big welcome to all of the new families to EJ this year - over 20 families joining Years 1-5 and many, many new families with children starting in year 1.

Parent Reps for 2015

I am pleased to inform most classes now have a parent/class rep. Thank you to the parents who have kindly volunteered to be Parent Reps for their classes. Throughout the school year, the Parent Reps pass on important school and class information via email so if you want to stay in touch with what’s going on around the school and in your child’s classroom, make sure you pass on your email contact details when asked by your parent reps. They will also organise social events to give everyone an opportunity to catch up outside of school hours.

The Reps will contact you shortly, if they haven’t already done so to ask for your names and contact details. Due to Privacy Laws, you will need to provide this information to your class rep, separately from the teacher class list and the parent directory.

As we commence our 20th year, we will be representing Australia in France at the Villers Bretonneux Memorial Service on ANZAC Day and touring with approximately 100 young people to Tasmanian and Perth.
