Booking Information

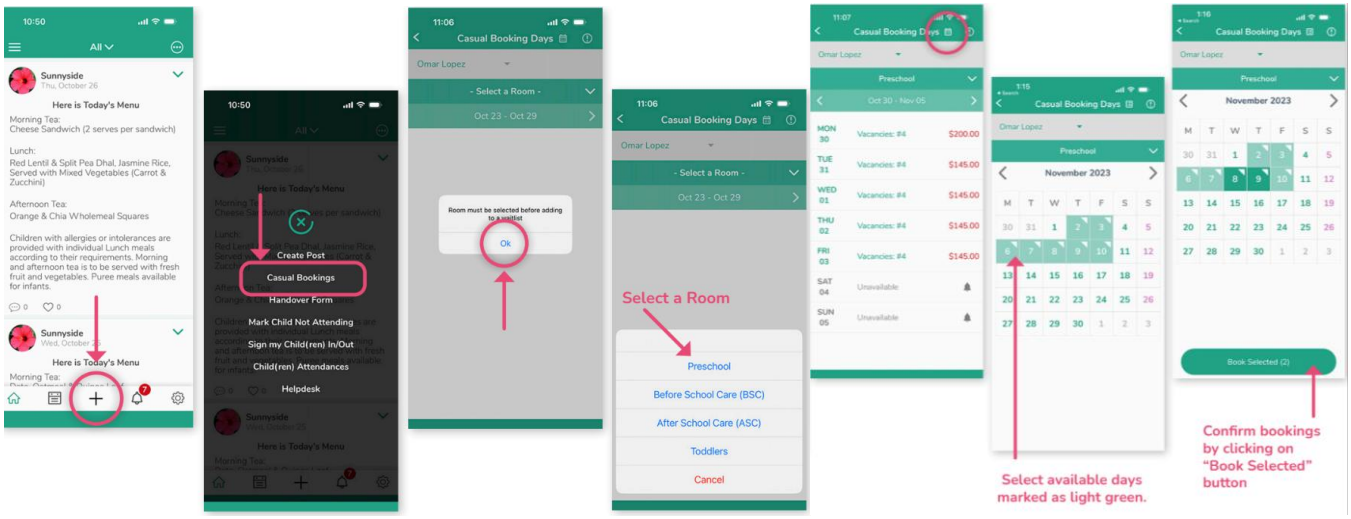

How to Book Vacation Care Bookings

To book our Vacation Care program, you will need to ensure you have a current OWNA enrolment with EJ Kids' Care. Term time bookings do not roll over to Vacation Care and will be made on a first come first serve basis when families book via the OWNA app from the Bookings Opening date (see Date and Time of Bookings Opening).

To make bookings yourself, you will need to go onto your OWNA app on your smartphone and follow the instructions below. The instructions below are to make bookings one at a time.

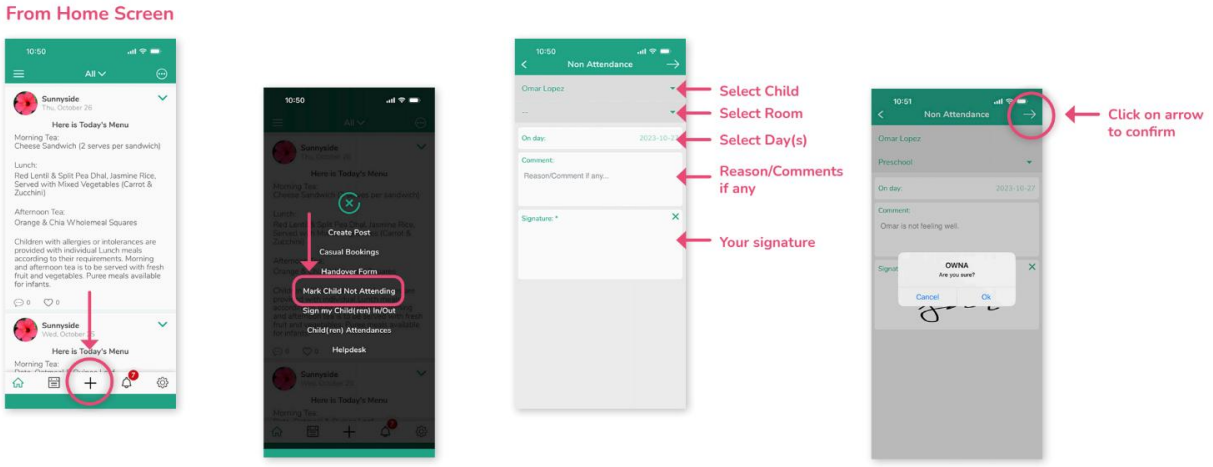

If you would like to make multiple bookings at the same time, please follow the instructions below.

If you'd like us to make bookings for you, email oshc@ejkidscare.com.au with your requested Vacation Care dates. EJ Kids' Care will action these emails from 12pm on the day received. Please note, submitting a request does not guarantee a booking. Operational needs may take priority, and days may be unavailable. If so, you'll need to contact us after the cancellation date to join the waitlist. Families booking directly via OWNA will be prioritised.

How to Cancel Vacation Care Bookings

Ensure you cancel your bookings prior to the cancellation date (see Date and Time of Cancellation Date). Cancellations after this date will marked as Absence.

- Mark the booking as an absence if it complies with The Centre's cancellation policy.
- Marking bookings as absent ahead of time avoids a 'not-notified' fee being applied to your account (this fee is applied if your child/ren do not arrive for a booked session and the service has not been informed)
- Bookings that comply with the cancellation policy can be deleted with no charge applied

How to Complete a Permission Form

Permission forms are not required for incursion days; however, there will be important consents that families need to acknowledge to ensure their child can fully participate in certain activities, such as face painting, PG movies, and more. To access the Permission Form, please click the three horizontal lines on the top left of the app and select the relevant form
