

Get ready for QParents

*Get set up for school
life at EJ!*

As part of your child's enrolment at Eagle Junction State School, we encourage families to set up their QParents account in advance.

QParents is a free, secure app that helps simplify school admin and gives families convenient access to important school and student information.

With QParents, you can:

- provide digital consent
- notify the school of absences, including future absences
- access report cards
- pay invoices and view payment history

*Create your
account
today!*

Set up your account now

Register using the email invitation you receive from Eagle Junction State School, or visit [QParents](#) and follow the registration instructions.

Once your account has been created, download the QParents app to your preferred device for easy access.

What consent forms will I be asked to complete?

State School Consent

Covers the use of your child's name, image and schoolwork for school-related purposes. This may include school communications, social media, website, newsletter, and displays of student work. You can place limitations on this consent or change/revoke consent at any time.

Online Services Consent

Allows your child to use approved online learning programs and third-party digital services. This may involve sharing limited student information with service providers so accounts can be created and used for learning.

Annual Swimming Consent

Permission for your child to participate in school swimming activities during the year (Prep lessons begin in Term 4).

Excursion & Activity Consent

Throughout the year, you will receive consent requests for excursions, incursions and other school activities relevant to your child.
