

EJ Learning Powers / Learning Dispositions

At Eagle Junction State School, we have identified seven learning dispositions to be successful, future oriented, lifelong learners. We call them 'EJ Learning Powers' and are habits of thinking and doing. These Learning Powers are explicitly taught to all students and continue to be embedded into learning across the school to help students become the most effective learners that they can be in the modern world. These qualities help us make the learning process visible to students.

Our Learning Powers are also linked to the General Capabilities outlined in the Australian Curriculum. The characters in each EJ Learning Power have been designed with EJSS in mind making them relevant to our learners. Over time, the intent is for our Learning Powers to support a shared language for learning across the EJSS community.
